ScienceDirect and Scopus webinars for researchers, PhD students & librarians

Title	Description
ScienceDirect – overview and key features	The webinar will focus on key features of ScienceDirect that will help scientific and academic audience to become more efficient and productive in their research.
Date: November 9, 2022 Time: 2 p.m. CET	Register: https://elsevier.zoom.us/webinar/register/WN_mxv0_2uVRtqhyay3v-yGdg Access code: **820706**
Academic Integrity – Plagiarism and how to avoid it	In this webinar we look at some definitions for plagiarism and offer practical advice on how you can steer clear of this unethical behavior. You'll come away with a clear understanding of what constitutes plagiarism and the forms of original work it applies to. You'll learn the principles and importance of correct citation.
Date: November 10, 2022 Time: 1 p.m. CET	Register: https://elsevier.zoom.us/webinar/register/WN_tYX5TqGoTNa9xHS3Ap-BYg Access code: **310497**
ScienceDirect and Scopus - how to find relevant literature effectively?	Join this training to learn principles of a smart journal search. Find out how you can best use Scopus to support you in your research projects. We will go through how to best build your search and narrow it down. The training includes several on-line workflow examples, and the participants are welcome to take active part.
Date: December 7, 2022 Time: 2 p.m. CET	Register: https://elsevier.zoom.us/webinar/register/WN_80TOSvuwRPizih-hizzbXA Access code: **465348**
Understanding Scopus author profiles	This training provides insight into how profiles are created and curated, with tips for ensuring that your profile is correct and up-to-date. Author Profiles are increasingly important for assessing collaborators, providing you a competitive advantage when preparing job applications.
Date: December 8, 2022 Time: 1 p.m. CET	Register: https://elsevier.zoom.us/webinar/register/WN_3r0hcWA4RP2j_qOIYoLQNA Access code: **961928**
